The Telephone Gets You There First

If you have an appointment and will be a little late; if you have no appointment and wish to make one; if you have an order to place or confirm; if you have any matters to take up with a busy man—don't take the time and energy to call on him—use your telephone first.

By using your telephone you will save your time and his—you will avoid waits and delays—you will reach your man at once in a direct and personal way. A busy man appreciates your courtesy in using the telephone to relieve his mind. It increases your efficiency and his.

**Unnecessary Trips—Waiting—Delays—Lost Time—Energy
and Money—May be Saved by Using the Telephone**

Isn't it Worth While to make an Extensive Use of Your Telephone?

**The Pacific Telephone
and Telegraph Company**

A FEW HINTS FOR ADVERTISERS

1. Make your advertising clear.
2. See that it contains something to interest those you desire to reach.
3. Your story should be brief and to the point.
4. Use clear type and sufficient space so that your message may be easily read.
5. Do not forget that blank space used to properly display your ad is sometimes of greater value than words.
6. If you use illustrations they should show something of interest in regard to the goods you are advertising.
7. In a large ad, especially in a newspaper, your firm name should appear both at the top and bottom of the ad.
8. Include your address in your ad. Do not take it for granted that every one knows where you are. Make it easy for strangers to find you.
9. Advertising is as vital to the expansion of your business as your salesmen and should be considered as part of your selling force.
10. When business is good it is poor policy to weaken your selling force by cutting down your advertising.
11. When business is quiet an advertising stimulant will often aid to revive it.
12. Spasmodic advertising will not produce satisfactory results.
13. Good advertising stimulates business.
14. Continuous good advertising wins.
15. Always remember that truth in advertising pays.

A Good Combination

"Talk up your trade" and fill your order pad.

If you have'nt enough business, get busy with your Telephone.

**WAR SAVINGS STAMPS
ISSUED BY THE
UNITED STATES
GOVERNMENT**

Waste and Extravagance ARE GERMANY'S SILENT ALLIES

They will help the Kaiser. They will kill American soldiers.

Every bit of waste, every extravagance takes force from the power America must put into the war to win. Every penny spent for luxuries and unnecessary things is a penny lost to the production and purchase of food, clothing, supplies, ships, and munitions for our soldiers.

As long as we spend wastefully, Germany will receive silent but powerful help from America; just so much farther away is the Day of Peace.

Don't spend thoughtlessly or unnecessarily. **Save!** With high wages and plenty of work for everyone there never was such an opportunity to **help yourself** and **help your country**.

Save to help the Government. Lend your savings to your Country—

BUY WAR SAVINGS STAMPS

—and drive out the enemy's silent allies. Put your dimes and quarters, as well as your dollars, at work.

Every man, woman, and child can buy War Savings Stamps—and keep buying them. Put all you can save into War Savings Stamps and watch your savings grow. **They are a profitable, simple, and secure investment.** You'll never find a better road to Prosperity.
